ACADEMICS

English

Junior Sandy Hawshe requests advice from her teacher Miss Piontek, as she attempts to write a short story in her creative writing class.

Jeff Kramer delivers an amusing recitation much to the delight of Mr. Whyte's second period English class.

Mrs. Brubaker's Drama II class performs a very delightful children's classic, "The Runaway Presents" for apprehensive children living in the Amherst Area.

In the play "The Runaway Presents" the young actors perform a very delightful children's classic, "The Runaway Presents" for apprehensive children living in the Amherst Area.

$$\tan \frac{1}{2} B = \frac{r}{s-b}$$

$$\log \tan \frac{1}{2} B = \log r - \log (s-b)$$

$$\log r = 11.0289 - 10$$

$$\log (s-b) = 1.4472 \quad (-)$$

$$\log \tan \frac{1}{2} B = 9.6357 - 10$$

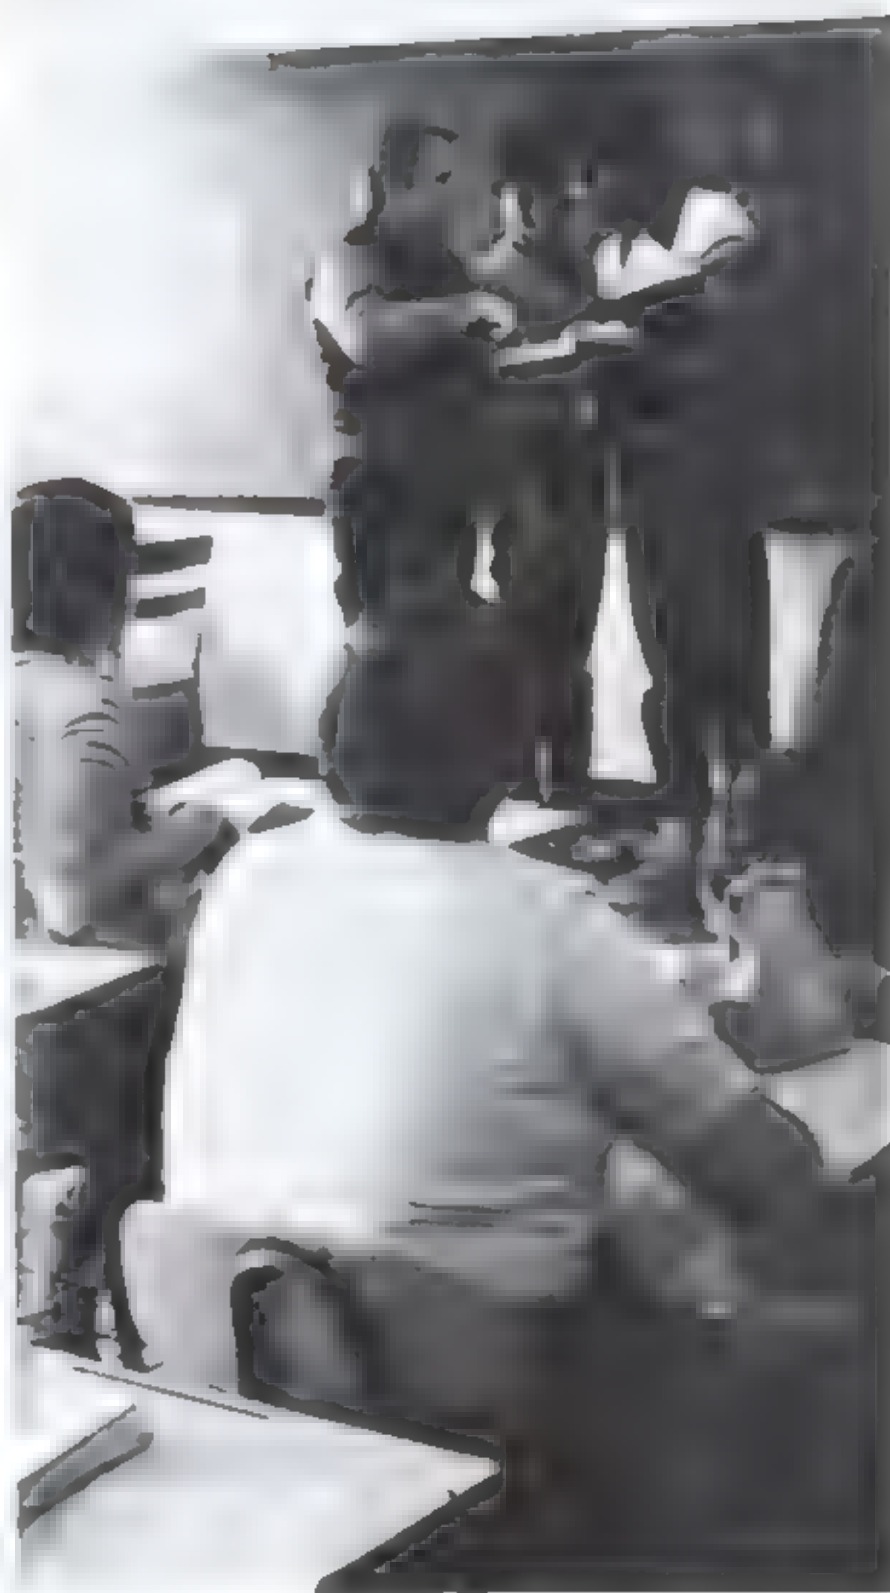

$$\frac{1}{2} B = 23^\circ 23'$$

$$B = 46^\circ 46'$$

Memorization and mathematical skill are necessary in the more advanced math classes, as this problem demonstrates.

Mr. Tedesco, the Trigonometry and Calculus I teacher, explains the fundamental principles of the next assignment.

Mr. Dolinski explains the method used in achieving the answer to a problem to two of his students.

HAPPINESS HAPPINESS
HAPPINESS

LOOKING FOR SOMETHING?

Self insight, creativity, happiness. They're all qualities that aren't easy to find. But some suggest that you try pills, needles, and capsules in the search. Some of the last generation suggested materialism. It is unlikely that peace, happiness, and love can be found at the end of a long list of possessions, nor is it likely that they can be found at the end of a chemical reaction. Each of us must find his own answers.
